Re: Freedom of Information Act Request
East Troy Contaminated Aquifer Site, Troy, Ohio

Dear Sir/Madam:

Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 301, *et seq.*, and the United States Environmental Protection Agency ("U.S. EPA") regulations implementing FOIA, 40 C.F.R. Part 2, we are requesting copies of the following records relating to all soil and groundwater and other media sampling activities conducted at the above-referenced site to date, including:

1. Technical memoranda or documents setting forth the sampling plan(s), including all drafts, revisions, final versions, and all review comments and revisions to such documents,
2. Well and boring location data (including but not limited to map(s) and survey data) for all well and soil boring data collected to date,
3. Well construction data (including but not limited to well construction logs and diagrams),
4. Soil boring, monitoring well installation and groundwater sampling field logs,
5. Potentiometric data including water level measurements and potentiometric maps for all groundwater sampling,
6. All soil, groundwater and any other media sample results obtained from all of the investigation activities, including screening data;
7. All draft and final technical memoranda or reports prepared to analyze the data and/or identify additional investigation activities to be undertaken by or on behalf of U.S.

EPA or other parties, including all summaries of revisions to documents created by U.S. EPA or its contractors.

This request includes records that have been created, and records that will be created at a later date. To the extent that some of this information (such as lab analyses) may not yet be available, we request that the agency provide the documents that are available to date, and then supplement the agency's response as the remaining requested information becomes available.

To expedite your response, to the extent you are able to identify materials that were previously provided to us pursuant to FOIA requests dated August 24, 2012, December 17, 2012; February 22, 2013 and May 16, 2014, you may exclude those materials. In addition, you may omit the following documents:

- July 12, 2013, Phase I Investigation Summary and Proposed Phase II Investigation Activities Technical Memorandum, East Troy Contaminated Aquifer (ETCA) Site Remedial Investigation/Feasibility Study (RI/FS), Troy, Ohio.
- September 6, 2013, Phase II Investigation Summary Technical Memorandum, East Troy Contaminated Aquifer (ETCA) Site, Remedial Investigation/Feasibility Study (RI/FS), Troy, Ohio.
- November 19, 2013, Membrane Interface Probe (MIP) Investigation Results, East Troy Contaminated Aquifer (ETCA) Site, Remedial Investigation/Feasibility Study (RI/FS); Troy, Ohio, Work Assignment No. 145-RICO-B5EN.

To further expedite your processing of this request, please note that Shari Kolak is the Remedial Project Manager for the East Troy Contaminated Aquifer Superfund Site. I have copied Ms. Kolak on this request.

We will agree to pay all reasonable fees associated with this request in accordance with 40 C.F.R. § 2.107.
